NVRmini 2

Linux Embedded Standalone

Support Megapixel and H.264 cameras

Manage 2 / 4 / 8 / 16 IP Camera

| Multi-Platform Mobile Clients | Server-Client Architecture | Linux-Embedded | Easy Installation | Web-Based Live Viewer | CMS | H.264,MPEG4, M-JPEG,MxPEG | Intelligent Search | RAID 0,1,5, 5+spare,10 | PTZ Control | 128CH Remote Live View | Email Alert | Support POS |

Key Benefits

Stability and Reliability

NVRmini 2 is a linux-embedded system that is free from virus attack. With its server-client architecture, NVRmini 2 provides a most stable and high quality monitoring and recording performance. Not only does its software offer a top quality performance, but the hardware enhances stability as well by supporting 4 RAID levels, smart fan, HDD SMART, auto power on, UPS and much more.

Easy to Use

A top user-friendly system should combine fast and flexible configuration with easy operation. With a few simple steps for installation, the web-based management leads users to configure, monitor and playback video everywhere. UPnP search, auto camera detection and GUI schedule save setting-up time, while the easy drag and drop camera, auto scan, preset point patrolling, and multiple views offer users a prime monitoring experience.

Value-added Surveillance Features

There are some outstanding features included in the NVRmini 2, one of which is mobile phone client. Users can check their live video wherever they want through iPhone, iPad, Android, BlackBerry. Another feature is Point of Sale (POS). POS data is displayed on live screen of designated channels, and users can fast search POS transaction and related video records. Still another NVRmini 2 feature is the digital watermark on exported video and snapshots, which prevents data from tampered without awareness.
Key Features

- ■ Dual stream for managing bandwidth
- ■ Support iPhone, iPad, Android, BlackBerry mobile clients
- ■ Support panomorph PTZ (360°)
- ■ Web-based live viewer/ playback

- ■ Online GUI recording schedule
- ■ Up to 2/4 SATA HDD bays
- ■ RAID 0,1,5,10
- ■ Digital PTZ and multi-view
- ■ Support audio
- ■ Real-time digital output and email alert

- ■ Up to 128 CH remote liveview
- ■ Playback with 5 intelligent search
- ■ Support Point of Sale (POS)
- ■ Support digital watermark
- ■ Supported by NUUO Central Management System

NUUO

The Intelligent Surveillance Solution

Web-Based Liveview

2009-03-05 12:23:51

APPLE JUICE $14 TX
ORANGE JUICE $14 TX
COKE $14 TX

Point of Sale (POS)

POS text overlay on live view video and recordings. All recorded POS transactions are searchable in the NVRmini 2 database.

Multiple View
with duplicating camera on screen and with different digital zoom image.

- Web-based management (Recommend on IE7 and later)
- Up to 128 CH remote live display on multiple monitors
- Easy drag-and-drop camera on screen
- Camera PTZ integration
- Digital PTZ
- Auto scan
- Multiple views
- Preset point set, go and patrolling
- Support joystick
- System event popup
- Camera event on screen display and sound notification

Intelligent Playback

- Open record by time, graphic record, event log
- Multi-channel playback
- Playback system with 5 intelligent search
- Video enhancement
- POS search
- Support digital watermark on exported video or snapshot
- Evidence export
- Auto backup video to FTP

Video Enhancement
Fine-tune the image's visibility, sharpenness, brightness, contrast or even grey scale.

5 Intelligent Search

| General Motion	Missing Object	Camera Occlusion	Foreign Object	Lose Focus

Multiple Language Support | English, Japanese, Traditional Chinese, Spanish, Deutsch, Finnish, French, Hungarian, Italian, Russian, Czech, Korean, Polish, Dutch, Serbian, Swedish, Portuguese (Brazil)
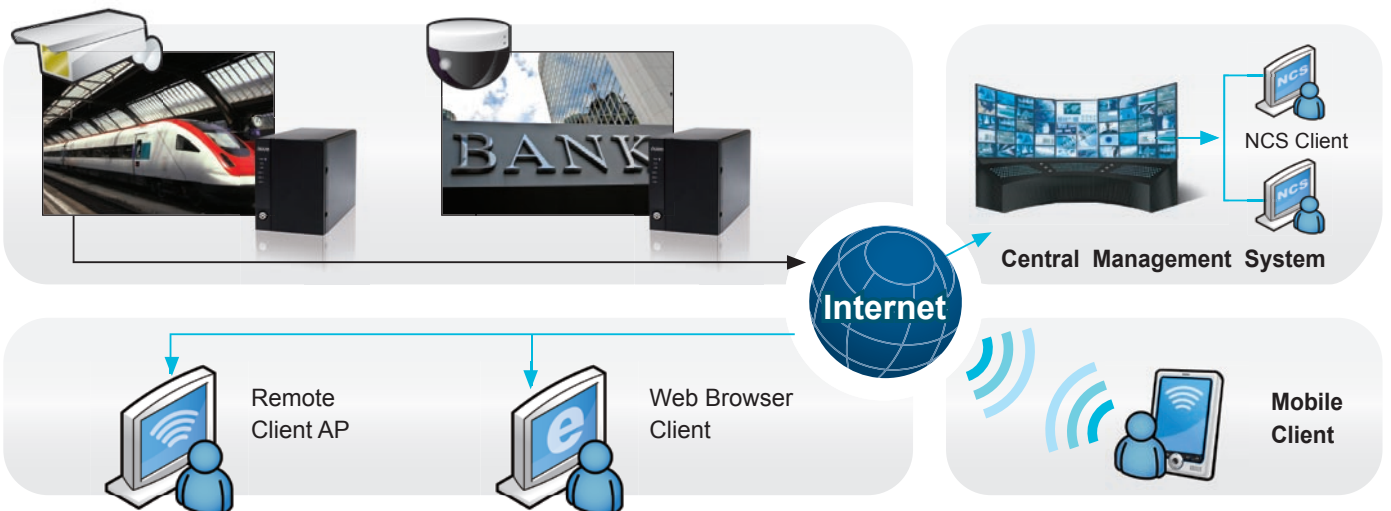

Server-Client Architecture

- Linux Embedded – Free from PC crash and virus attack
- RAID 0,1,5,10, prevention of data loss
- Online GUI recording schedule
- Recording without PC turning on
- Support Megapixel Camera and H.264 Compression Format
- Support audio recording
- Camera I/O integration
- Real-time digital output, email and NUUO CMS alert
- Four kinds of user authorities: administrator, power user, user, and guest
- Log system
- Support Point of Sale（POS）

Linux-Embedded
Embedded Linux for high stability and free from virus attack

Dual Streams
Dual stream for managing bandwidth

Panomorph PTZ (360°)
Panomorph PTZ function can reduce the total cost by decreasing the number of IP cameras. Not only the original view, NVRmini 2 also supports PTZ, quad, and perimeter modes.

Web-Based Live Viewer
Users can login anytime anywhere via Internet Explorer and can login via four different user groups: administrator, power user, user, and guest.

Compatible with CMS
Ultimate central monitoring solution for grand scale projects and projects with multiple sites.

Multi-Platform Mobile Clients
iPhone, iPad, Android, Windows Phone 7 and BlackBerry.

Intelligent Search
Search recorded video for 5 events including general motion, foreign object, missing object, loss focus and camera occlusion.

RAID 0,1,5,10
Support RAID 0,1,5 and 10 for maximum capacity or data protection.

PTZ Control
Software enables digital PTZ function. Physical PTZ control and preset/go functions are also available.

128CH Remote Live View
Monitor multiple NUUO servers (NVR, DVR, NDVR and NVRmini 2) simultaneously in one single interface.

Email Alert
Notify users on camera and system event through sound, digital output, E-mail and NUUO CMS alert.

Point of Sale (POS)
All recorded POS transactions are searchable in the NVRmini 2 database.

About NUUO

NUUO is the world's leading provider of open platform video management solutions. Combining IP and analog technologies with IVS detections, NUUO guarantees a comprehensive security and surveillance solution to meet your high standard demands. Simple to install and manage, with customer-proven reliability, a high compatibility for 3rd party system integration and a wide range of IP camera support solutions in more than 20,000 worldwide installations, NUUO is dedicated to providing a flexible, user-friendly surveillance solution for large-scale and high-level enterprise projects as well as for small-and-medium business.
